# Cottesbrooke Infant & Nursery School

## Cookie Policy

At Cottesbrooke Infant & Nursery School, we want our website to be easy to use and helpful for all of our families. Like most websites, we use cookies to make the site work properly and to help us understand how people use it. This supports our CUBS values, especially *Caring* and *Understanding we are all equal*.

**What are cookies?**
Cookies are small files that are placed on your device (computer, tablet or phone) when you visit a website. They help the site remember things like your preferences and how you use the pages.

**How we use cookies**
We use cookies to:
• make sure the website works as it should
• remember your cookie preferences
• help the site load more quickly
• understand which pages are most helpful to families

We do not use cookies to collect personal information about you, or to identify you as an individual.

**Types of cookies we use**
• **Necessary cookies** – These are essential for the website to work. You can't turn these off.
• **Performance cookies** – These help us see how people use the website so we can make improvements.
• **Functionality cookies** – These remember your preferences (for example, if you dismissed a pop-up).

**Managing your cookie choices**
When you first visit our website, you will see a message asking you to accept or reject cookies. You can change your choice at any time by adjusting your browser settings. Each browser is slightly different, so you may need to check its help pages for instructions.

**Third-party cookies**
Some pages may contain content from other websites, such as maps or videos. These services may set their own cookies. We do not control these cookies.

**More information or help**
If you have any questions about how we use cookies on our website, please get in touch with the school office. We will be happy to help.
